

Memo

Please share as appropriate.

To: North Dakota Clinical Laboratories
 From: Christie Massen (clmassen@nd.gov)
 Director, Division of Microbiology
 Date: March 28, 2019
 Re: Immune Screens

The 2019 Directory of Services was sent out earlier this year. The Directory of Services is a resource meant to guide you from specimen collection through the processing and reporting of tests offered by our laboratory. The following is a correction made to the 2019 Directory of Services.

Immune Screen testing change on page 14:

- ❖ The Immune Screen price has been corrected
- ❖ The correct price is \$116

<p>Immune Screens (MMR) CPT CODE: 86765- Measles 86735- Mumps 86318 – Rubella 86787 -Varicella</p>	<p>Acceptable Specimen: 2 ml serum</p> <p>Stability: Ambient: 1 day; Refrigerated: 7 days; Frozen: >7 days</p> <p>Normal Value: Measles > 1:16 Mumps > 1:16 Rubella – Immune Varicella > 1:16</p> <p>Turn Around Time: Tuesday and Thursday</p>	<p>\$116</p>
--	--	---------------------

It is our pleasure and commitment to provide quality service to the medical community. It is our goal to provide a level of service that is timely and accurate, but most of all to provide excellent laboratory services essential for patient care and enhanced public health. We strive for service excellence coupled with technical expertise.

If you have any questions, please contact our facility for the recommended guidance.

We are here to serve you!

Our laboratory looks forward to continuing our service and commitment to you, our valued customers!
